

# GARMENT SIZING CHART

## LIPO-PANTY, COMBI, COMBI SUIT

It is strongly recommended that patients be measured for the correct garment PRIOR TO SURGERY.

**4** **Waist circumference**  
Smallest part of natural waist.

**5** **Hip circumference**  
Stand with feet together  
and measure around the  
FULLEST PART of the hip area.

| SIZES        | WAIST CIRC.<br>(IN) <sup>④</sup> | HIP CIRC.<br>(IN) <sup>⑤</sup> |
|--------------|----------------------------------|--------------------------------|
| 1 - 2X-SMALL | 23¾ - 25½                        | 32½ - 34½                      |
| 2 - X-SMALL  | 25½ - 27½                        | 35 - 36½                       |
| 3 - SMALL    | 27½ - 29½                        | 37 - 39                        |
| 4 - MEDIUM   | 29½ - 31½                        | 39½ - 41¼                      |
| 5 - LARGE    | 31½ - 36¾                        | 41¾ - 46¾                      |
| 6 - X-LARGE  | 37 - 42¼                         | 47¼ - 51¼                      |
| 7 - 2X-LARGE | 42½ - 47¼                        | 51½ - 55½                      |
| 8 - 3X-LARGE | 47½ - 51¼                        | 56 - 59                        |
| 9 - 4X-LARGE | 47½ - 51¼                        | 59½ - 62½                      |
